Creative and detail-oriented Web Developer, crafting seamless, user-friendly digital experiences. Focused on building high-performing web applications that drive engagement and business growth.

PROFILE SUMMARY

- Web developer with **2.5 years of experience**, specializing in **front-end development** and building interactive web interfaces. Skilled in creating visually appealing, responsive, and user-friendly designs.
- Proficient in **HTML, CSS, and JavaScript**, with experience in writing clean, efficient, and maintainable code. Capable of implementing modern design trends to enhance website aesthetics.
- Knowledgeable in **responsive web design** and ensuring seamless functionality across various devices and screen sizes. Focused on delivering optimal user experience with mobile-first design principles.
- Basic understanding of **backend development**, including working with APIs and databases. Familiar with integrating frontend components with backend services for dynamic content.
- Strong grasp of **UI/UX principles**, ensuring intuitive and engaging user interactions. Adept at wireframing, prototyping, and improving website usability based on user feedback.
- Experienced in **debugging, browser compatibility, and website performance optimization**. Skilled in identifying and fixing layout issues, broken scripts, and slow-loading pages.
- Passionate about **continuous learning and staying updated** with the latest web technologies. Always eager to enhance skills and explore new tools to improve development efficiency.

CORE COMPETENCIES

Layouts: Flexbox, Grid	Responsive web design	Styling, animations, transitions	Grid system, components
Prototyping, wireframing	DOM manipulation, Event handling	Server-side scripting	Project Management

TECHNICAL SKILLS

Html	Css	Bootstrap	Tailwindcss	Figma	jQuery	JavaScript
PHP	ReactJs	API	Sql	NodeJs	ExpressJs	

WORK EXPERIENCES

Jul'23 – Aug'25 | Full Stack Engineer | Virtual Physician Scribes India Pvt Ltd , Chennai

- Utilizing the Bootstrap Framework for front-end design and layout (UI/UX) to build and deploy dynamic web pages with high efficiency.
- Delivering custom designs by creating dynamic wireframes tailored to client-specific needs.
- Enhancing user experience by integrating enterprise SSO for seamless and secure login processes.
- Modernizing legacy systems through the upgrade of CRON jobs for improved automation and performance.
- Resolving complex technical challenges through detailed analysis and effective solutions.
- Improving security posture by remediating vulnerabilities in existing applications.
- Translating client requirements into efficient and scalable technical solutions.

- Designed wireframes and prototypes in Figma to visualize and test user interfaces before development, ensuring better alignment with client expectations.
- Optimized front-end code by applying Bootstrap components and jQuery DataTables to enhance table functionality, improve performance, and ensure better usability.
- Enhanced user interface consistency by integrating responsive Bootstrap design elements, improving user experience across devices.
- Developed and deployed a responsive web app using HTML, CSS, Bootstrap, PHP, and jQuery DataTables, ensuring device responsiveness and automating front-end tasks to improving workflow efficiency.
- Modernized legacy user interfaces by upgrading an outdated Bootstrap CDN-based application to a modern Bootstrap design, enhancing performance and security.
- Implemented on-page SEO for websites, optimizing content and structure to improve search engine visibility and ranking.

CERTIFICATIONS

- Great Learning | React Js Tutorial | Jul, 2023
- Great Learning | Css Properties | June, 2023
- Besant Technologies | Python Training | Nov, 2022

ACHIEVEMENTS

- Earned recognition for enhancing the UI with modern design improvements, boosting user engagement.
- Achieved successful implementation of a fully responsive design, ensuring compatibility across multiple devices.
- Received positive feedback for consistently meeting design goals ahead of schedule.
- Honored with appreciation for delivering the UI design within a tight 2-week deadline.

EDUCATION

2023: MCA from Madurai Kamaraj University, Madurai
